

Educate Aware & Relief

19

2019
Iftaar-E-Amma
Summary Report

Iftar-e-Am'ma is an initiative of **Educate Aware and Relief (EAR)** organization so as to share the blessing of **the Holy Month of Ramadan** with our **marginalized communities**. It not only fills empty belly's but also empty souls, of those **looking to help others**.

Having started in the city of Lahore, in Ramadan 2015, we are **ambitiously expanding** our reach to other areas of Pakistan as well. With this we hope to **expand our service and facilitate these communities** all throughout the year

**NO ONE HAS EVER
BECOME POOR BY
GIVING.**

We haven't been able to absorb all that we accomplished this Ramadan. We received donations from all over the world this year, we had tremendous support from our donors and volunteers and were able to create the biggest impact to date.

We served 60,000 people all over Pakistan in more than 12 cities. We served more than 6 communities (low income families, transgenders, orphanages, old age homes, widows, deaf and mute community) We engaged 300 + volunteers who helped throughout the month all over the country.

To each and every volunteer and donor we can't thank you enough for your time, dedication and donations.
